

3 Courses

Introduction to Programming with MATLAB

Mastering Programming with MATLAB

Introduction to Data, Signal, and Image Analysis with MATLAB

Jun 11, 2022

## TAN JIN CHUN

has successfully completed the online, non-credit Specialization

## MATLAB Programming for Engineers and Scientists

By completing this Specialization, the bearer has successfully demonstrated competency in computer programming and a solid grasp of the MATLAB language. He or she has attained proficiency in a wide range of topics relevant to engineering and scientific computing including data structures, recursion, Object Oriented Programming, graphical user interfaces, Live Scripts, data and image analysis, signal frequency analysis, program efficiency, and machine learning.

Jack H. Noble, Ph.D.
Assistant Professor
Computer Engineering,
Computer Science, and
Electrical Engineering

Professor Computer Engineering, Computer Science, and Electrical Engineering

Akos Ledeczi, Ph.D.

A Michael Litymanto

J. Michael Fitzpatrick, PhD Professor Emeritus Computer Science, Computer Engineering, Electrical Engineering, Neurosurgery, and Radiology

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
